

Fire Safety Policy

At ClubsComplete™, we ensure that we provide all of our services in a safe environment for children, parents, staff and visitors through our fire safety procedures. We consult with the venue or school we are operating in to gain a copy of their fire safety policy and ensure that it is appropriate for our children and parents.

The manager of the setting will ensure that the Fire Safety Policy of the school is followed and liaises with the appropriate people regarding the Fire Safety agreements, risk assessments and fire drills.

Fire Drills

Regular fire drills will be undertaken during the sessions and where there is a planned drill, appropriate arrangements are in place to ensure that the fire service do not respond unnecessarily.

Following either a planned or unplanned evacuation of the building, a debrief session will be held to review the effectiveness of the evacuation and review the emergency plan if required.
